Professional Summary

My name is Semenov Volodymyr

I'm a 23 years old front-end developer. I am highly motivated and very imaginative by finding inspirations in everyday things, pushing my own boundaries and allowing myself to think out of the box. Leverage analytical skills and strong attention to detail in order to deliver original and efficient web solutions, provide technical knowledge and expertise. I am well-versed in React, JavaScript and HTML, CSS. This knowledge has been gained through daily diligent study and backed up by constant research, combined with endless hundreds of practice hours. It provides me with a strong understanding of this stack and allows me to type clean, maintenance-friendly code and find the most appropriate solutions.
